

Stones Wellington, Hawkes Bay & Taranaki Directories 1914-1918

By transcribing the 1914 to 1918 Stones directories we are able to obtain a list of residents residing in the Upper Hutt district. This does not take into consideration the number of Service Personnel at Trentham Military Camp arriving for training and departing for overseas duty and those who were returning from overseas. Where possible I will list those with a military connection when information becomes available.
