

1885-1889 Draft Census – Upper Hutt Residents

The early New Zealand Census records were all destroyed in the 1960s. I have made an attempt to recreate a partial 5 year census of residents in the Upper Hutt district covering the period from 1885 to 1889. Further research details and sources are listed at the end of this document.

Miscellaneous Information and research details

The early New Zealand Census records were all destroyed in the 1960s. I have made an attempt to recreate a partial 5 year census of residents in the Upper Hutt district covering the period from 1885 to 1889. The research details and sources are listed below.

I began by transcribing and compiled the names and ages (year & month) of the children attending school in the Upper Hutt district by using the Education board class schedules from 1885 to 1889 followed by researching their birth registrations to locate full Christian names and parents details. Between the periods 1885 and 1889 the Schools in the Upper Hutt district were, Kaitoke, Maungaroa, Upper Hutt, Wallaceville and Whitemans Valley. Education Board Class schedules for the District of Wellington Inspectors Annual Returns held at Archives NZ Wellington

- 1885 A-Z reference ADEX 16412 EB-W8 1/1
- 1886 A-Z reference ADEX 16412 EB-W8 1/2

Next I researched the fathers details recorded on the Upper Hutt district electoral rolls and directories 1885-1889. I then research the father's birth, death and marriage details to confirm the maiden name of the wife followed by researching the birth and death of the wife. I recorded the final details in alphabetical order below.
