

## 1907 -1908 Draft Census – Upper Hutt Residents

All of early New Zealand's Census were destroyed by the Government in the 1960s. This document is an attempt to recreate the census for 1907-1908. I locate a newspaper article recording details of a 1907 census (petition) for Upper Hutt. The census of householders ([highlighted in blue](#)) was taken in 1907 for purpose of forming a township. Angus John McCurdy organised a petition and signatures were taken. The Town District was gazetted on 26 March 1908. Mr McCurdy was appointed returning officer to conduct the first election of the Commissioners of the Town District of Upper Hutt. Additional information and resources used in researching this document are located at the end of this document.

## INFORMATION, RESOURCES & NEWSPAPER ARTICLES

All of early New Zealand's censuses were destroyed in the 1960s. I locate a newspaper article recording details of a 1907 census for Upper Hutt. The census of householders was taken in 1907 for purpose of forming a township. Angus John McCurdy organised a petition and signatures were taken. The Town District was gazetted on 26 March 1908. Mr McCurdy was appointed returning officer to conduct the first election of the Commissioners of the Town District of Upper Hutt. (The full list is located on the following page.)

*(Reference IA1 1033 [4] 1908/823 Governor Wellington date 04 April 1908 subject Appointing Returning Officer [Angus John McCurdy] etc. First Elections – Upper Hutt Town District – Constituting Town District of Upper Hutt Petition 1908 plus Images of petition and signatures)*

In trying to recreate the Upper Hutt district 1907 census I began by listing the individual households (highlighted in blue) from the newspaper article. I have since matched and corrected the details against those who appear on the Archives NZ document which is a typed list. I then transcribed the 1907 Wises Post Office directory trying to match each surname and occupation. This was followed by researching the Education Board Inspectors 1907 classroom schedules (highlighted in red) for the Schools in the Upper Hutt district which helped to identify the children residing in the district. By searching the New Zealand Registrar General Office website I located the birth details of the school children which gave their parent's names and additional children. I then researched the 1905-1906 Hutt Electoral Rolls to locate the missing people by matching the occupation of the householder. I also researched the Intention to Marry Application for the Wellington district and extracted those who resided in Upper Hutt.

The newspaper article stated that the recorded population for December 1907 was 774 and April 1911 was 1050 and these figures are the numbers of persons in the households covering an area of two square miles. My transcribed total from the newspaper article was 766 souls which differed from the 774 total. The Statistics New Zealand website records the 1906 census for Upper Hutt 489 + Trentham 243 + Silverstream 121 + Kaitoke 54 + Akatarawa 194 = total of 1101 souls for the Upper Hutt district. As my compiled list of totals increase and as information becomes available it will be interesting to see if the figures match with Statistics New Zealand.

I have another source to research and that is the 1907 coroner reports held in the Upper Hutt district as they will record people living in the district. Please remember that this is only a compiled draft 1907 census for the Upper Hutt district but it has also been an interesting research project. I always welcome any suggestions and/ or alterations from individuals.

**ORDER AGAIN the 1907 Intention to Marry Application and transcribe Upper Hutt Residence plus all of the Hutt Valley**

Archives New Zealand Wellington Notices of Intention to Marry 1907 Wellington district reference ADAQ 8937 BDM20/67 record 67  
I only extracted those who resided in the Upper Hutt district.
