

**1950-1970 New Zealand Railways Maymorn Camp - Residents and Housing
formerly
Ministry of Works Camp - Rimutaka Deviation and Rimutaka Tunnel**

The Ministry of Works employees working on the Rimutaka deviation and Rimutaka tunnel were provided with housing at the Maymorn Camp in the Mangaroa Valley. The New Zealand Railways took over the housing for their staff some of which were employed in taking up all the old railway line over the incline. By researching the School Inspectors reports for Maymorn School and the Heretaunga Electoral Rolls I have been able to compile a list of those who resided Maymorn Camp.

1950-1970 NZ Railway Settlement - Maymorn Camp Housing and Residents

The Maymorn Camp houses were given numbers and I have only been able to locate the residents of only some of the houses.

17 April 1956 - The cottages at Mangaroa Settlement occupied by members of the gangs employed on lifting the old line are not equipped with hot water services and water for baths had to be heated in coppers.
