Part Section 120 and 121 Land Grant to Hemi Parai letter dated 12 August 1874

Re 120 & 121 Upper Hutt  
Mr Lewis

Mr Jackson states that some of the plans of the subdivisions of the above sections are incorrect and that he cannot advise Crown Grants to be prepared upon them. But he knows of no reason why a grant should not issue for the whole.

Would it not be practicable to prepare a Grant for the whole to Hemi Parai and leave it to him to convey to the others, who with him have paid for the land? He was promised a Grant for it when it was purchased for them by Sir George Grey from the Messrs Deighton

- Notes Mr W S Buck plan Horowhetu part section 121 Hutt district – 1 plan, 1 tracing, trav sheet & notes. Plan agrees with trav sheet and field notes except undermentioned clerical errors. – 1<sup>st</sup> line on trav sheet 84.04 should be 48.04 – 3<sup>rd</sup> line on trav sheet 392.8 should be 398.2 on field notes E Cdy 171.32 should be 172.31 – plane agrees with prior surveys – According to proclamation the railway land is bounded by the road in this section the small portion shown between road and railway on this plan will therefore have to be excluded from these subdivision before areas can be checked or examination completed. I know nothing else to prevent plan being passed. C A M Crombie 25 January 1898 – Also on line between subdivisions 1200.9 and 1849 should apparently be 1200 and 1850 respectively
- Copy letter sent W S Buck from Chief Surveyor 25 January 1898 same as above
- Re Examination of W S Buck plan of Hokowhetu – The surveyor has complied with requisition dated 25 January 1898 but apparently the new area for Section No 1B should be 14.1.05 not 14.0.30.8 difference 14.2 perchas – Further examination also discloses the fact that boundaries of No 1B & 1A on Main Road should be 262.6 and 221.9 instead of 262.8 and 177.6 respectively. The latter is evidently a clerical error – C A H Crombie 16 February 1898 – Inform surveyor and ask him to please verify and amend

- 13 June 1947 from Chief Surveyor to Surveyor General about Ebden Town Upper Hutt Mrs MOF Benge - Referring to your memo of the 3<sup>rd</sup> instant I enclose therewith a photocopy of SO plan 21393 which shows the areas referred to by Mrs Benge which are parts of **Section 121** Hutt District. I also enclose two paper tracings of searches made in connection with the questions raised. The position is as follows:

By Crown Grant dated 1875 a public road (bearing) 100 links wide was accepted from Section 121. This road is shown on a number of plans and was known as “Old Military Road”. Since the issue of Crown Grant several portions have been closed to the north and south of areas on SO 21393. In December 1875 part of Section 121 was acquired (by Deeds Conveyance) by W Ebden who subdivide the area shown on tracing attached to Conveyance 23830 dated 1876 – see paper tracing. The access for the numerous lots is shown on tracing as a “Private Road 33 feet wide” whilst the conveyance refer to “Right of Way”. “Old Military Road” is also thereon and area (0-1-04) of each lot would include portions of this Crown Grant Road. By Conveyance 25866 dated 1876 W Ebden sold lots 13-15-17-19 and 21 to J Munro containing 1ac 1rd 20 per. The diagram on this conveyance shows “Old Military Road” and wording states “Subject to the public road coloured yellow”. Some subsequent conveyances have not by diagram or wording referred to Old Military Road. Finally on 06/03/1924 Mrs Benge acquired Lots 13, 15, 17 & 19 by Conveyance No 139325 and no reference was made to Old Military Road. (Pt 13 was subsequently sold) – See paper tracing. On 02/03/1929 CT 352/27 Limited issue in the name of MOF Benge excluding Old Military Road as shown by diagram on tracing. As there is no evidence of closing Old Military Road it would appear from the search that the conveyance from Keys to Benge dated 06/03/1924 erroneously included a public road. This was not the fault of any Government Department. It was a mistake on the part of private conveyance who drew the deeds up. At that time title to the land was not guaranteed not being under the L.T. Act. It would also appear that the original Ebden Town Road 50 Links wide has not been legalized. Note in several places it has been widened by dedication and proclamation and at the present time SO plan 21412 lodged on 14/05/1946 which shows further proposed widenings is under check. The question of Old Military Road and the adjoining titles was raised by Mr H P Hanify in November 1945 and SO 21393 was lodged on the 05/03/1946 in this office for the purpose of closing this part of the street.

Messrs Mazengarb Hay & Macalister who are apparently Mrs Benges's Solicitors made verbal enquiries as to the procedure for closing the street coloured green on SO 21393. This office advised closing in pursuance of Section 175 (H) 5<sup>th</sup> Schedule Clause 12 Municipal Corporation's Act 1933 for until the street was closed by formal operation of law neither Mrs Benge nor any other person could acquire any title to it. This plan was checked and approved on 07/10/1946 some delay being due to requisitions on plan and shortage of staff and pressure of work. This was explained to I believe Mr Dunstan who made enquiries as to what progress was being made at that time. The closing of the street was effected on 07/10/1946 when SO plan 21393 was noted as required by the above mentions Section and the evidence numbered K26349 has been registered on CT 352/27. At the time of survey the Surveyor placed several pegs shown on SO 21393 indicating street widening and a subdivision of CT 352/27 and the adjoining parts of Old Military Road for which it would be necessary for Mrs Benge to acquire title. This matter at the time was referred to the District Land Registrar when the Solicitors made enquiries as to requirements for the issue of a Certificate of Title for the purchaser of part of Mrs Benges's land. He advised that firstly evidence under seal (accompanied by a sketch) by the Upper Hutt Borough Council certifying that Ebdon Town Road 50 links wide was a street within the meaning of Section 174 Municipal Corporations Act 1933 should be lodged. Secondly the strip approximately 5 links wide along the western side of Street should be dedicated and at the same time an Order In Council exempting from widening in pursuance of the Public Works Act 1928 was necessary. (Note original width is only 33 feet). This O.I.C. Numbered 2056 was lodged on 13/05/1947 but awaits the transfer for Street widening. The O.I.C. and transfer by way of dedication will be registered simultaneously. Thirdly the Upper Hutt Borough Council should apply for a Certificate of Title for the part of Old Military Road closed by K26349 to be followed by transfers from the Council of the separate portions to adjoining owners one of whom is Mrs Benge. Forthly a Land Transfer Plan compiled from the survey date on SO 21393 should be lodged showing he final subdivision as is intended this plan to be the basis of any new C.T.'s to issue. Subdivision of course requiring the Borough Council's consent. To sum up – Mrs Benge was apparently occupying a legal public street and although only a paper road it was nevertheless a legal highway and she has apparently paid the rates accordingly. The four matters referred to above require completion. This Department was only concerned with street closing which was effected on 07/10/1946. The other matters are questions of complying with the law and the requirements of the District Land Registrar in connection with issue of new titles and are therefore the concern of the Borough Council the owners and their solicitors who I understand are preparing the necessary documents for registration.

- 04 July 1947 from Minister of Lands to Mrs Benge Further to my interim reply to your letter dated the 19<sup>th</sup> ultimo I have now fully investigated the question raised therein. The land he by you is part of **Section 121** Hutt District for which the original Crown Grant was issued in 1875 to a public road 100 links wide. This road is shown on several old plans and was known as "Old Military Road". In December 1875 W Ebdon purchased part of Section 121 and subdivided the area as show in a tracing attached to Conveyance 23830 providing access by a private road 33 feet wife but the old Military Road is also plainly shown diagonally crossing most of the sections. W Ebdon in 1876 sold five of these sections numbers 13, 15, 17, 19, and 21 to J Munro subject to the public road shown on the conveyance the old Military Road. In 1924 you acquired by conveyance the first four of the above sections but no reference was made in such document to the Old Military Road which was erroneously included in your title. This was not the fault of any Government Department but a mistake on the part of the Solicitor who drew up the document. As the land was not under the Land Transfer Act dealings were not subject to rigid check in the Lands and Deeds Department. When in 1929 Certificate of Title 352/27 (Limited) was issued in your name in place of your Deeds Title the Old Military Road which though unformed had never been legally closed was correctly shown crossing your sections. This road has now been closed both through your land and adjoining sections but its disposal to the various owners is a matter for the Upper Hutt Borough Council as it lies within that Borough. I understand that Solicitors acting on your behalf have made enquiries at the Lands Office in Wellington and have neem advised of the steps necessary to finally clear the matter up. I regret that I am unable to give you any further assistance on this question which has undoubtedly caused you much inconvenience.
