This document is a work in progress. Information about buildings situated on Fergusson Drive will be added when information is located.

The two buildings at 238 & 244 Fergusson Drive in Silverstream

The road marked with a red arrow is now known as Fergusson Drive in Silverstream.

I have been told that the Post Office marked on the poster is the building situated at 244 Fergusson Drive in Silverstream.

Looking at the poster and the current 2022 goggle map it looks like more likely that 244 Fergusson Drive (which is closer to Stream Grove marked in blue) was once Mrs Card's Store. What do you think?

Both buildings are situated on part Section No 97. Further research on Section No 97 will perhaps assist in locating and confirming the year when the buildings at 238 and 244 Fergusson Drive were built.
