- 13 August 1908 Upper Hutt Township Land Company Limited Balance sheet (printed and written) along with Directors signed report and large list of shareholders - *Ladies and Gentleman – Your Directors have the pleasure to place before you the second Annual Report and balance sheet of the Company from which it will be seen that out of profits of sales, we have been able to cover not only the Preliminary Expenses but all the expenses of an auction sale and interest on unpaid purchase money. Though the homestead has been sold we are still in receipt of rent of £100 per annum. Owing to errors of measurement discovered by our surveyors and negotiations with the Hutt County Council concerning the plan or roads we were unable to hold a sale in November last. In order to avoid calls (to form roads) on shareholders, your Directors held the sale in January. Five sections including the house and shed were sold at good prices. Since then five more have been quitted but we are of the opinion that some streets must be completed for another sale early in the summer. Two of your Directors have lately paid a visit of inspection to the property and thought the Trentham side of the Upper Hutt has been bought up they are confident that the Company's Estate will have the field in future. Since 30th June £247 10s 0d has been paid on last call. In conclusion your Directors have held 14 meetings during the year and have sought to advance the interests of the shareholders, they regret the results are not better. Mr W H Field MP is the*

retired Director. He is eligible for re-election. It will be your duty to elect an auditor for the ensuring year. Mr A EE Bud offers himself for re-elections. 18 August 1909 Upper Hutt Township Land Company Limited Annual List and Summary Balance Sheet & Directors report – *Ladies and Gentlemen Your Directors in placing before you this Third Annual Report and Balance Sheet of the Company regret that the scheme of this auctioneers for December 1908 sale viz. low prices and unusually easy terms only resulted in 13 sections being disposed of.
