### Mallaby Mills Limited Silverstream

Mallaby Mills Limited is a NZ Limited Company from Lower Hutt. It was incorporated on 22 June 1953 and dissolved on 21 January 2009 and has the status "Removed". Some of the shareholders were Wyndham Geoffrey Mallaby GOODWIN, Gilliam Mary GOODWIN and Jeremy James Mallaby GOODWIN.

*(Reference Google search opencorporates website)*

Silverstream Forest was first planted in pine trees in the 1920s by Sir Francis Chichester and Mr Geoffrey Goodwin. They met in 1923 when Francis Chichester emigrated to New Zealand at the age of 18. The pair went into partnership and built up a successful business in aviation and land development creating the suburb of Pinehaven into a residential conservation zone in Upper Hutt. The men then moved their attention to the Blue Mountains area of Whitemans Valley, which neighbours what is now the Silverstream Forest. Silverstream Forest extends from Kiln Street in Silverstream to Avro Road in the Blue Mountains. It includes the rolling ridgeline and the slopes that form the beautiful backdrop to the suburbs of Silverstream and Pinehaven. The Chichester and Goodwin's jointly cared for the forest for over 90 years. Today the caretakers of the forest are all descendants of Geoffrey Goodwin and have a strong connection to the area. Commercial harvesting of the forest began in the 1950s and Geoffrey's son Wyndham **established Mallaby Mills in Silverstream**. Timber was processed to supply the requirements of housing demand in the Hutt Valley and the construction of the Wellington urban motorway.
