His Honour The Superintendent for Wellington

15 February 1846 Wellington

Sir

I doing self the honour to enclose a Deposition made this day before me by the Individual named in the margin who resides in the valley of the Hutt at a distance of about 4 miles from the Bridge across the River of that named.

Although it is sufficiently difficult to extract information to the general feeling of those Natives who have been denied interpreters in this Valley yet from their troublesome and disorderly conduct during the last few months I think the statement made by David Bengé is worthy of consideration whether it might not be politic to withdraw all the settlers who are out of the reach of the protection of the Military Stationed in the Hutt Stockade previous to any arrangement being made to dictate to the Natives their immediate valuation of the Lands on which they are now located up the Valley

I have the honour to be Sir – Your Most Obedient Servant

(signature) Henry St Hill

David Bengé Labourer of the River Hutt in the District of Port Nicholson being duly Sworn states – On Thursday evening last about seven o'clock in conversation with the named (E

Wari and Eoro) Natives who live within a short distance from my cottage. They asked one if I knew, what were the intentions of the Government? I told them I do not know They said that of the Governor ordered the Maories off the Land in the Valley of the Hutt they the Natives intended to kill all the Settlers who were located in that part of the District, E Wiri was the Chief spokesman – Eoro is but a lad He is about 16 or 17 years of age. Ewiri stated that as soon as the order for the removal of the Maories came they should at the time of the going of the dark the following morning destroy all the white people that were near them. There was no other person present when this conversation took place. I have known Ewiri and Eoro about six or seven months They belong to a party of Natives who have established themselves in the Valley of the Hutt who have been always extremely violent They are a very bad lot This m firm conversation that these natives would put their threats into execution were they ordered off the land by the Governor. I think they would just as soon kill us as look at us. I have had some conversations with several of the Settlers who are located in the immediate neighbourhood of my residence all of whom articulate the same opinion as I do with reference to the treat made by the Natives and I pray that Military Protection may be extended up the Valley of the Hutt previous to the order for the removal of the Natives from the Lands being issued by His Excellency the Governor.

Supreme Court - Criminal Sittings - Saturday 11th June (Before His Honor Mr Justice Johnston) - His Honor the Judge, took his seat on the Bench at exactly ten o'clock.

Regina v Charles Mabey - Obtaining Money Under False Pretences

Charles Mabey was placed in the dock charged with receiving certain monies under false pretences. The Jury panel having been exhausted by challenges, the Judge ordered the doors of the Court to be closed, and a jury was selected from the body of the Court, Mr Izard prosecuted, and Mr Allen defended the prisoner. After briefly stating the case, the Crown Prosecutor proceeded to call the following witnesses:-

Wireinu Pakata, deposed I reside at the Upper Hutt. I know the prisoner at the bar. I had a conversation with him in April last, not a material conversation. I did not go to the prisoner in consequence of any statements made by other natives. I did not see him previous to the trial in April. I gave Mabey money on 30th April, at the Hutt for an ox; for an ox that had been killed by the natives in April. I have since found that the beast belonged to Hooper. I first spoke to Mabey two days after the beast was killed. The beast was killed on the 19th of April. I told Mabey that the natives desired to pay for the ox they had killed. I do not live with Mabey. I live some distance from him. Because he had been a friend of mine Henri Te Aonga, Karoti, sent me to Mabey. I told Mabey these natives had sent me. He replied "wait a bit." I told him the natives had asked me to ask him to go to Hooper and Benge. He said "I do not know Hooper, but I will go to Benge". He talked in Maori. Mabey said "we had better go to Wellington." I replied "to do what." He said "to talk to the Superintendent." I asked "when." He replied "to-morrow." I consented and came to his house next day. When I came he had left. I followed after him towards Wellington. I caught up to him at Mr Fitzherbert's. Mabey and Mr Fitzherbert were talking together. I joined them, and we talked about the ox. I heard Mabey say that he did not wish to have a row with the natives, as they had promised to pay for the beast. Mabey said that, and I said so also. Mr Fitzherbert then wrote a letter to Superintendent, and gave it to Mabey. We then came to the Superintendent and found Mr Hamlin there. Mabey talked to the Superintendent concerning that beast. He talked for a long time, and the Superintendent said he disapproved of the proposal made to pay for the beast; if he consented he said, "he would be treading on the law of the Queen." That is all I heard. The Superintendent told Mr Hamlin to ask me "why the natives did not come to the trial before Mr Ward. I replied because they were frightened, as there was a warrant issued. Mr Hamlin said yes, for their foolish work. I said it is true, but I have nothing to do with it. Mr Hamlin said it is true what you say. The Superintendent told Mr Hamlin to tell me to remain quiet as it was left to Mr Brandon the lawyer. We came outside and waited for Mr Brandon, Mr Brandon talked to the Superintendent. I went with Mr Hamlin and Mabey into the Superintendent's room. The Superintendent was present. All Mr Hamlin told me that the natives who killed the beast must be taken to the Supreme Court. I told Mr Hamlin, It's their business, not mine. Mr Hamlin told me to return home and tell the words of the Superintendent. I said, I will, if they are deaf to that, I can't help it. Mr Hamlin told me to be very strong. We went out, and returned to the Hutt, to Mabey's house. Mabey is a farmer. The prisoner came to my house on the second day after. He came to talk about going to Benge and other persons present talked together. I assembled the men, women, and children of the people living at the houses near mine. I collected them that they might hear what Mabey said. Karoti and Henri te Aonga were among the people. The subject of the conversation was about consenting that the money for the beast just killed should be paid to me. Mabey said to us all Wait a bit, until Pakata and myself go to see Benge. The meeting had consented that the money should be paid. The meeting asked should they give the

money to me then, replied No. Mabey said to me on Saturday will go to Mungaroa to see Benge. On Saturday Mabey came to me and said come let us go. I told someone to get a horse for me. We got on our horses and went. We saw Benge and his family. I did not know all they said. They spoke English. I heard Benge say £10. Mabey said to me do you hear. I said Tell me. Mabey said, this European says £10. I said it rests with you. Then they conversed together and said let us go to the public house. Before we went Mabey said Benge wanted £10. I said it rests with those who killed the beast, Mabey replied yes. We talked outside. Mabey told me had said £7, Benge said no £10. Mabey and I then returned to our homes, I sounded a horn, and called an assembly. I told the natives that Benge said it is to be £10. The Maoris then collected the money. The money was paid to me, Karoti and Heneri gave me the money. Wi te Korou gave £6 to Karoti, Heneri gave £2 8s. Paua gave 10s. Karoti gave nothing, That is all the money I received, I took the money to Mabey's house the same day. He was at home we counted the money, and I said I thought some of the money had dropped. We counted £8 18s. I said to him (Mabey) the natives say that the £1 2s which is short, you must make it up. He consented. Mabey then gave me a bill of the money. It was a paper like the one I now see without the sealing wax. I delivered it into the Magistrate's Court. Mr Ward was there. At this juncture, Mr Ward R.M. was sworn to identify the receipt.

C. D. R. Ward deposed - I am RM at Wellington. This piece of paper was produced by the witnesses before me at the Hutt, I looked at it. It was afterwards produced before me at the R.M. Court Wellington. I caused it to be attached to the depositions.

Pakata (examined by Mr Allen) Mabey read it to me in English. He did not explain it. In reading it over, he did not mention the name of Benge. It was not translated to me but he told me it was the paper of the money. I did not understand what it meant, I did not ask. I knew it contained a statement that £1 2s was owing. He I told me (in Maori) that the £1 2s was down on the paper. I did not see the beast last killed. I only saw the hide in the R M Court. I did not see the brand. I did not see the head at any time. I did not go with Benge to any place where the skin was. There was a hole in the skin. We did not know till recently that the beast belonged to Hooper. I mean myself and those who killed the beast. The warrant was issued before I paid the money to Mabey. I knew the warrant had been issued. I did not see it. I heard of a warrant against the natives who killed the beast. I knew that the bullock mentioned in the warrant applied to Hooper's beast. I know Benge by sight. I heard that a beast of Benge's had been killed by natives 3½ years ago. I heard of no other except the beast now paid for. I did not go with Mabey to Hooper's because Mabey did not go. The money was paid after our visit to Benge. The Maoris did not ask me the price of Hooper's bullock. Mabey nor myself saw Hooper or the bullock. The beast belongs to both the father and son. The son lives close to Benge's, the father a long way off. I know it belongs to father and son. Benge the day after it was killed told Karoti it was not his but Hooper's. Karoti told me this next morning. We told Mabey. Benge said it was Hooper's. The Court then adjourned for refreshment. On resuming, the cross-examination of Pakata was proceeded with, I cannot read English writing. I can read native writing, I do not understand much English. I did not try to read the bill. It was not translated. I thought it was correct. I showed it to the natives who had subscribed the money No one read it they could not understand English. I said This is the bill of the money that has been received by Mabey. I told the natives there was £1 2s short. That had not been paid. I have spoken to Mabey in English sometimes. I only know little. I kept the receipt myself until it was produced before Mr Ward. The bill was seen by Mr Barton when Mabey and I went there. No native asked Hooper if he had received the money. I do not know that Hooper is proceeding further in this matter. I have had no conversation with Mabey about the receipt since I got it. I never told Mabey the receipt was in the wrong name.

John Hooper deposed, I am a farmer residing at the Taiti. I know the prisoner. I remember the loss of a bullock on the 19th of April. I had seen it safe six weeks before. My son, who lives near Benge, came to me on 20th April, and he gave me some information. I went with

him on the 21st to the policeman who lives about five or six miles from my house. I laid an information. My son said the policeman went up to Benge's. The policeman, my son, and Benge went into the bush. I did not, I saw them bring a bullock's hide out. I recognised the hide. It was the hide of a bullock of mine. I had not sold the bullock, or given any one authority to do so. My bullock was branded J.H. on off rump. A piece was cut out of the hide about as broad as toy hands. It was off the rump. The hole was more than enough to cut out the brand. The hide found corresponds with the bullock I lost in these respects, the colour was red, the tail was red and white. There was also a white stripe on right side, white spot on forehead, and two white streaks in flanks a little more on off than rear side. The policeman took charge of the hide. I authorised a warrant to be taken out. I never authorised any one to receive payment for this bullock. By the Court, My son has cattle, he had no interest in this beast. Cross-examined by Mr Allen - The persons whom I directed a warrant to be taken out against were those Mr Benge told me of the points of the horns had not been cut, there was a mark on the off ear, a slit, there was a mark of a dog bite on the left ear on my bullock. I had no other cattle where this one was taken from he was with my son's cattle at Benge's, when I saw the bullock safe it was at my son's place. I saw the hide half-a-mile from there I did not let the Maoris know it was my bullock, my son saw the skin, I heard Benge say it was my bullock, Benge never said the bullock was his. Mabey never asked me whether he might receive any money on behalf of my claim. Mabey never paid me any money.

Robert Hooper, deposed, - I am the son of last witness. I know prisoner. I had charge of one of my father's beasts in April. It was a bullock. I last saw it alive about three weeks before I saw it dead. I saw it dead on the 21st. I had some information about the bullock, and I told my father what I heard on the 20th. We went to the constable, and then went to Benge, whom we found at Collins. We went into the bush and found the hide. Young Benge took us to a place where I saw the hide and head of a bullock. I examined the hide and took the skin of the head. One ear was left. I knew the hide. I knew it by marks. The brand had been cut out. I have seen the prisoner since. I saw him at Browns, public house. It was on the 26th April. Mr Mabey said you are the man I want to see. He said what are you going to do with these Maoris, I said they are not taken yet. He said haven't they offered payment. I said I don't know whether they had offered payment as they had not been to me or my father. He said if they would pay for it, the best way would be to settle it, and not take them it would avoid a disturbance with them. I said we could not take anything unless the authorities in Wellington would make it up with the natives. Cross ex-aminated by Mr Allen - I had no interest in the cow. My father's brand was J. H. Benge's brand is D. B. I remember a cow of, Benge's being killed about two years before. Mabey never offered to settle this matter for me. He did not tell me he had been negotiating with the natives, nor did I authorize him to do so. Only young Benge went with me to find the hide. I made no complaint to the natives. I believe the natives know it was my father's bullock.

David Benge, deposed - I am a farmer living at Mungaroa. I recollect Hooper coming up to Collins about a beast. I saw Maoris cutting up the beast in the valley on the Thursday before Hooper came. It was about a mile from Collins. Its hide and head was there. I know the natives. Koroti was not among them, he was at work for me at that time. Henri was not there. I spread out the hide, it was red. There was some white on the hide. The top part of tail was red, the lower part white, some more white on the flank, more on the off side than on the near. There was a hole in the off rump. It is the same hide I saw at Collins when Hooper came. I know the place where the witness Pakata lives. Those natives live where he does about a mile and a half away from the spot. About two years ago I lost a cow. I only knew that one to be killed by the natives. I know Mabey. I gave him authority to receive money for the cow that was killed two years ago on the Saturday, he was taken into custody on the following Wednesday. He and Peter came to my house. Mabey said he thought he could get payment for my cow. He asked me how much I valued it at. I said considering all things, I valued it at £10. I have had money transactions with Mr Mabey. We had a running account

between us. Mabey has never given me any money since. Cross-examined by the Court - I do not know Peter by any other name. I do not know any other Peter who is called Peter the Rogue. That Peter (pointing to first witness) came with Mabey to me. Mabey did not ask me to take £7. That Maori Peter can speak English as well as you and I can (meaning his Honor). I can't say if he can read. I do not speak Maori well. When Mabey said £10. Peter said kapi make a pay. One of the Maoris asked me if that was my beast, I said you know whose it is as well as I do. He made no reply. It was Hooper's. It had run at my place for two years. Jim Roche must have known the bullock, for he had lived with me for three months I never said the bullock was mine. My cow was not branded. It was only ear marked. I did not authorise Mabey to take £10 for this bullock but for my cow. Mabey said I've come to settle with you for the cow the natives killed of yours. I said it is not a cow, it's a bullock belonging to Hooper. Mabey said I am authorised to pay you by the Maoris for the cow you lost some time ago. It was clearly understood it was for the cow the money was paid. I never told Peter that the bullock was mine. Mabey never informed me that he had received the money. Re-examined by Mr Izard - When Mabey and Peter were at my house they both spoke in English. I don't know how much he said. I did not count the words. During the examination of this witness, who was so exceedingly deaf that he had to be placed on the bench near the judge, some amusement was occasioned by the extraordinary answers he gives to various questions. On being asked if Pakata (the first witness) could speak English, he answered yes, my lord, as well as either you or I. His Honor acknowledged the compliment, although he repudiated the association of names, and requested him to give the Court a specimen of his (Peter's) English. The witness said well, your honor, he said once to me in answer to a question kapi, you make t' pay. A reply which convulsed the whole court with laughter, which was with difficulty suppressed. Another quaint answer was made to his Honor's interrogation. How many ears was there on the skin of the bullocks head when found. He replied all of them, your honor, except those missing. His Honor (smiling) well, how many was left when you saw the hide. There was one ear and a-half missing. (Great Laughter.) Mr Izard applied to amend the second count in the indictment. After a lengthened discussion the Court allowed the alteration, which consisted of removing two Maori names. Benge re-called by the Court. - It was about 4 o'clock in the afternoon of Saturday. I had no conversation with him before about the money for the cow. By Mr Allen - Mabey knew I lost a cow. Mr Allen addressed the jury on behalf of the prisoner in a very forcible manner and called. George Spackman deposed - I know prisoner. I have known him 20 years. I have seen a Maori named Peter. This is the man. I live in the Upper Valley. Peter lives near me. All the business I have done with him has been in English. I can't say I have seen him sign his name. He knows more English than I know Maori. I don't know much Maori. Cross-examined by Mr Izaid - It has been in broken English that he has talked to me. He has worked with me a long time. I speak to him as I would speak to you. He always seemed to understand. This was the case. His Honor summed up most minutely, dwelling upon the various points of evidence as he proceeded, and the jury retired and after a few minutes absence returned with a verdict of Not Guilty. The Judge, after discharging the prisoner advised him not to meddle in such matters again.

#Dr G F Wilford held an inquest at Mungaroo Valley on the 2nd instant on the body of an infant named Edward Bertram Bengge aged 11 months. It appears that about 7 pm on the previous day Mrs Bengge was in the act of undressing the child in front of the fire when it sprang out in her arms and while failing caught hold of the kettle of boiling water that was standing on the hob. The kettle and its contents fell over the child who died at 6 am on the 2nd instant from the effects of scalding. A verdict of "Accidental death" was returned reference Papers past website Evening Post newspaper 06 April 1881
